Class of customers description

Home Contents Transit Insurance is intended for owners of Home Contents that will be transported anywhere within Australia, to or from Australia, or anywhere outside Australia.

The customer's likely needs, objectives and financial situation, are aligned with the product and its key attributes and would like to be covered for:

- financial loss resulting from destruction, loss or damage to their goods in transit.

Product Description and Key Attributes

The policy has two coverage options available to protect the Home Contents:

1. Accidental Damage available when transported by a professional carrier;
2. Listed Events cover available for when you move the goods yourself or by a professional.

Key Eligibility Criteria

- ✓ Policy provides cover for goods while being moved and associated storage periods before the goods reach their final destination. Any storage requested by you needs to be declared and agreed prior to it going into storage.
- ✗ Some individual content items with high values would require verification of value and method of transit. High value items may not always be acceptable.
- ✗ Not all Home Contents risks may be acceptable and cover is subject to underwriting guidelines (which change from time to time).

The Product Disclosure Statement contains the detailed policy cover, terms, conditions, additional benefits and exclusions.
