# Agricultural supplies

## Description

Non-dangerous general agricultural supplies like seed, bagged grain, feed, fertilisers.

## What it is not:

- Bulk grain or fertilisers
- Dangerous goods

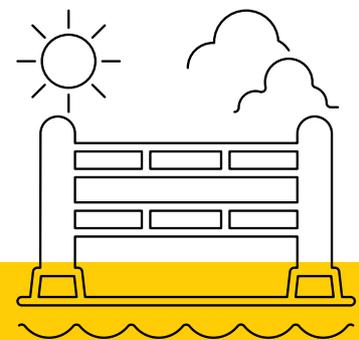

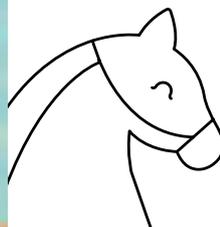

# Bloodstock

## Description

Thoroughbred and racing horses, stud and prize animals.

## What it is not:

- Livestock or poultry

# Bridge and dam works

## Description

Construction, repair, maintenance and erection of bridges and dams.

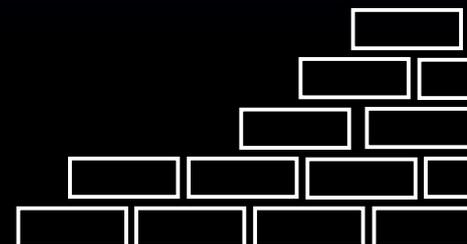

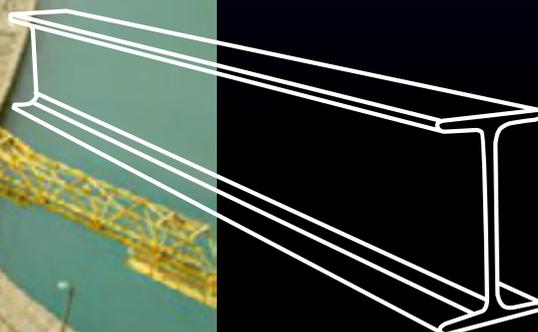

# Building site products

## Description

Products used in building sites such as steel beams and girders, roofing materials, trusses, timber frames, bricks, flooring, plaster, insulation, cladding, etc.

## What it is not:

- Building and demolition waste

# Bulk liquids (non- dangerous)

## Description

Non-dangerous liquids carried in bulk tankers, for example fruit juice, molasses, vegetable oil, wine, water.

## What it is not:

- Milk or dairy products

# Bulk milk and dairy

## Description

Milk or dairy products carried in bulk tankers.

## What it is not:

- Packaged milk or dairy products

See: [Wholesale and retail goods](#)

# Bulk powdered goods

## Description

Flour, cement, fly ash, etc. in bulk tankers.

## What it is not:

- Bagged or packaged flour

See: [Wholesale and retail goods](#)

- Not concrete

See: [Pre-mix concrete](#)

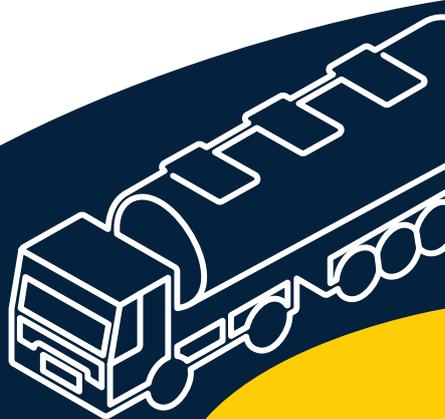

# Bus or coach: General route

## Description

Public passengers over defined standard routes (usually <25km).

## What it is not:

- Transportation of school children, tour groups, charters or buses used in an ancillary manner to a primary transportation business.

# Bus or coach: Scheduled service

## Description

City-to-city and interstate.

## What it is not:

- Local general route services such as city buses

See: [General route](#)

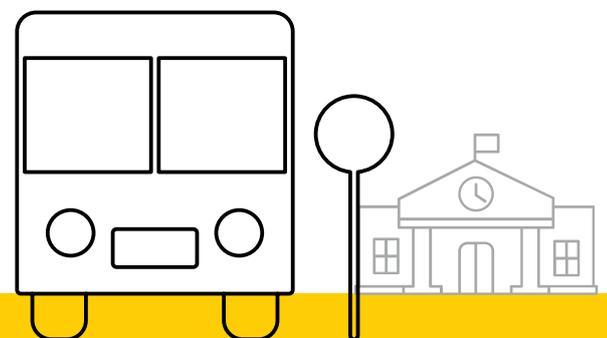

# Bus or coach: School route

## Description

Transporting children to and from school on a predetermined route.

## What it is not:

- Charters, tours, scheduled services

## Bus or coach: Self-drive hire

### Description

Fewer than 30 seats for dry hire, often for sports trips or school excursions.

### What it is not:

- Charter services with supplied driver, intra- or interstate tours

## Bus or coach: Shuttle service

### Description

Courtesy service for airport, hotel or mine transfers; hospitality such as RSL Club pick-up; allied health community service buses.

### What it is not:

- School buses, tour coaches, scheduled services for paying customers

## Bus or coach: Tour or charter under 450km

### Description

Intrastate organised tours, often day trips for tourists, conferences.

### What it is not:

- Long distance tours over 450km interstate or intrastate

## Bus or coach: Tour or charter over 450km

### Description

Intra- and interstate organised tours for individuals travelling with a group e.g. Contiki, Insight, Trafalgar.

### What it is not:

- Self-hire or scheduled services, charter groups on day tours

# Caravans

## Description

Transport of caravans.

## What it is not:

- Cars, vehicles, boats, machinery or over-dimensional freight

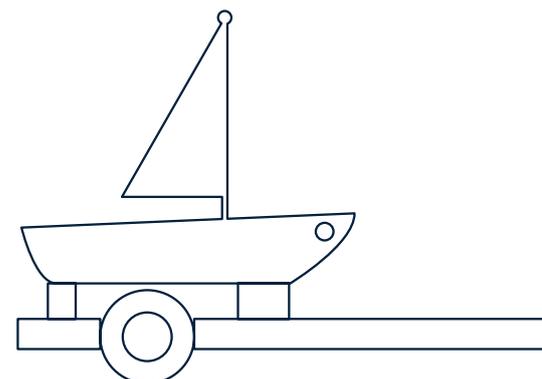

# Cars, boats and other vehicles (non-machinery)

## Description

Transport of cars, vehicles and boats.

## What it is not:

- Towing and recovery services  
See: [Towing and recovery](#)
- Machinery or over-dimensional freight

# Containers

## Description

Empty or full containers.

## What it is not:

- Refrigerated containers

See: [Refrigerated and chilled goods](#)

# Dangerous goods: Bulk

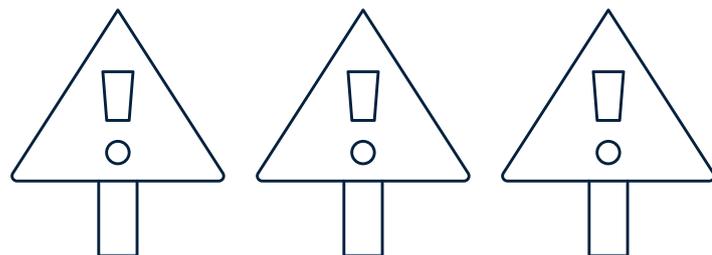

## Description

Dangerous goods as defined by the **Australian Dangerous Goods Code** (ADGC) other than fuel carried in bulk (including waste).

Bulk quantities of dangerous goods (over 500L or 500kg) are placardable.

## What it is not:

- Packaged or bottled dangerous goods

# Dangerous goods: Fuel

## Description

Transport of fuel such as petroleum, LPG, diesel, biodiesel, ethanol, aviation fuel, etc.

## What it is not:

- Packaged or bottled dangerous goods

# Dangerous goods: Packaged and bottled

## Description

Small quantities of non-bulk dangerous goods as defined by the **ADGC**. These include chlorine, pool chemicals, peroxides, gases or corrosives that are not placardable in bulk quantities (over 500L or 500kg).

## What it is not:

- Bulk dangerous goods

# Driver training

## Description

Qualified training companies that use motor vehicles or mobile plant and machinery to provide formal driver training.

## What it is not:

- Learner or provisional drivers in the normal course of business, or hire and rentals

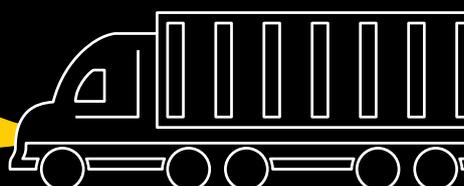

# Electrical and white goods

## Description

Transport of electrical goods for wholesale or retail.

## What it is not:

- Other wholesale or retail items

# Forestry and logging

## Description

Operating plant and machinery in a forestry area.

## What it is not:

- Transport of forestry products and logs

# Forestry products and logs

## Description

Transport of products harvested from a forest such as logs, lumber, wood pulp, bark or seedlings.

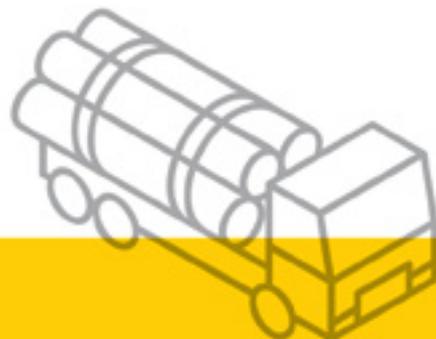

## What it is not:

- Operating plant or machinery in a forestry area

See: [Forestry and logging](#)

- Sawn timber

See: [Building site products](#)

# Furniture removalist: Residential

## Description

Professional or private delivery of home furniture.

## What it is not:

- Delivery of furniture from a shop or warehouse to a residence or office

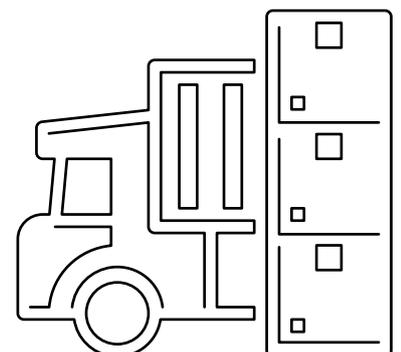

# Furniture removalist: Non-residential

## Description

Delivery of furniture from warehouses or shops to other destinations.

## What it is not:

- Delivery of other wholesale or retail items

# Grain and fertiliser

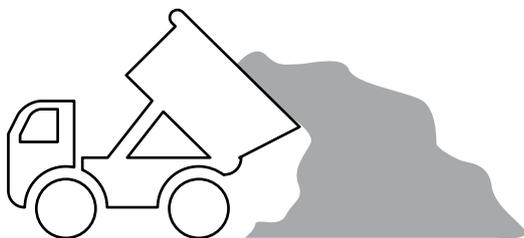

## Description

Bulk grain or fertiliser carried in tippers.

## What it is not:

- Bagged grain or fertiliser

See: [Agricultural Supplies](#)

# Hotmix and bitumen

## Description

Hot asphalt or bitumen products used for roads, parking facilities and airport surfacing.

# Livestock and poultry

## Description

Pigs, sheep, cattle, goats, camels, donkeys, horses, chickens, turkeys, quail, ducks, geese, pheasants, emus, ostriches, etc.

## What it is not:

- Thoroughbred and racing horses, stud and prize animals

See: [Bloodstock](#)

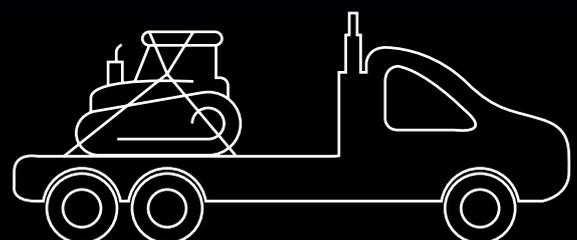

# Machinery

## Description

Transport of machinery.

## What it is not:

- Machinery requiring an over-dimensional placard

# Manufacturing

## Description

Mobile plant used in manufacturing businesses (including food production).

## What it is not:

- Transportation or movement of manufactured goods

See: [Wholesale and retail goods](#)

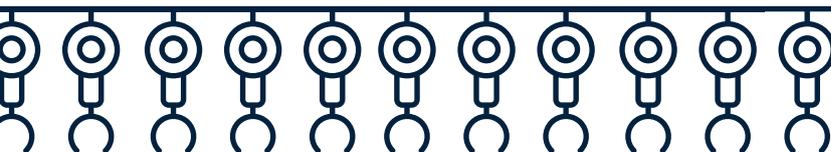

# Mining products: Coal

## Description

Transport of coal directly from a mine.

## What it is not:

- Sand, soil or gravel
- Minerals, ore, metals, various stones, potash
- General civil tipping
- Dangerous goods

# Mining products: Non-coal

## Description

Transport of the following items directly from a mine: minerals, ore, metals, various stones.

## What it is not:

- Sand, soil or gravel
- General civil tipping
- Dangerous goods

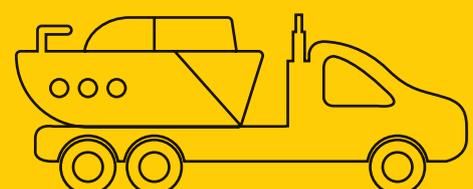

# Over-dimensional and oversized freight

## Description

Houses, fixed structures, buildings, yachts, boats, generators, mining equipment, etc. requiring a placard.

## What it is not:

- Anything that is not over-dimensional

# Parcels and post (courier)

## Description

A courier carrying small parcels or general post.

## What it is not:

- Other freight types listed here, such as wholesale and retail goods

# Pre-mix concrete

## Description

Transport of wet concrete in agitators or for use in concrete pumps.

## What it is not:

- Bulk powdered goods like dry cement or ash

# Refrigerated and chilled goods

## Description

Refrigerated produce in any form of refrigerated or chilled transport, including in refrigerated containers.

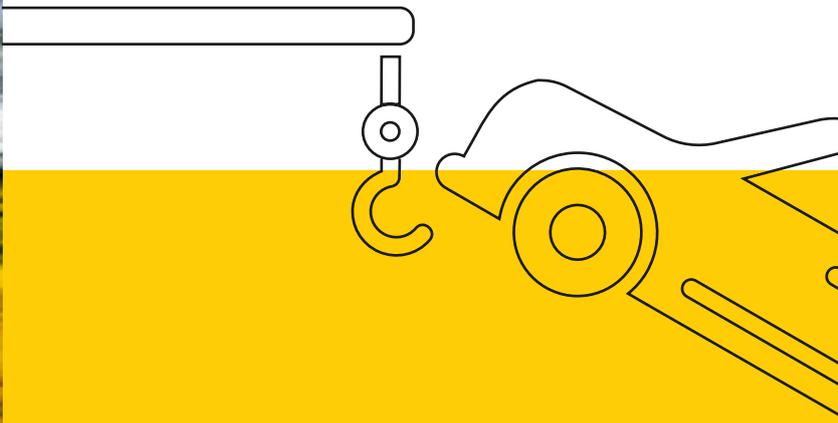

# Smash repairs and mechanics

## Description

Recovery and towing of vehicles to or from the operator's smash or mechanical repair business.

## What it is not:

- Recovery of stranded, broken-down or damaged vehicles

# Soil, sand and gravel

## Description

Transport of excavation and landscape materials such as soil, sand, aggregate, etc.

## What it is not:

- Building and demolition waste

# Specialty vehicles

## Description

Transport of antiques, vintage or high-performance cars used for racing, stunts, etc.

## What it is not:

- Circus, carnival operators or film industry

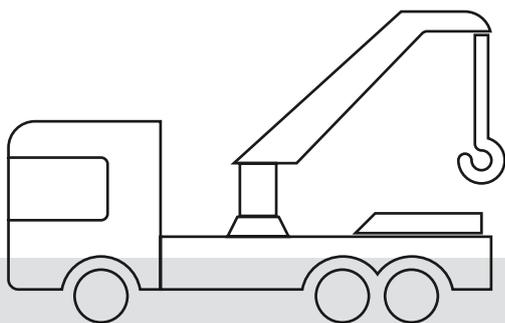

# Towing and recovery: Light

## Description

Recovery and towing of stranded, broken-down or damaged light vehicles (i.e. cars and utilities).

## What it is not:

- Recovery of heavy vehicles or transport between repairers

# Towing and recovery: Heavy

## Description

Recovery and towing of stranded, broken-down or damaged heavy vehicles (i.e. trucks and trailers), or mobile plant and equipment (e.g. excavators).

## What it is not:

- Recovery of light vehicles or transporting between repairers

# Warehousing and logistics

## Description

Predominantly material handling equipment (such as forklifts and pallet jacks), and elevated work platforms used in the dry hire and machinery sales industries.

## What it is not:

- Transport and haulage operations
- Warehouse and storage operations not related to the construction and earthmoving industries

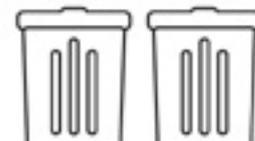

# Waste: Building and demolition

## Description

General waste and unwanted materials collected from building and demolition sites such as bricks, plaster, asbestos, insulation, nails, wiring, tree stumps, etc.

## What it is not:

- Waste carried in compactors  
See: [Waste: Compacted](#)
- Waste carried in skip bins or waste in tankers, soil, sand, gravel used for construction and landscaping process  
See: [Soil, sand and gravel](#)

# Waste: Compacted

## Description

Waste carried in garbage compactors such as household, green, and non-dangerous goods waste.

## What it is not:

- Non-compacted waste

# Waste: Non- compacted and skip bins

## Description

Skip bins, tankers carrying waste that is not dangerous goods.

## What it is not:

- Dangerous goods or compacted waste

# Wholesale and retail goods

## Description

Transport of goods related to the wholesale and retail industries, for example palletised goods, non-refrigerated produce, clothing, supermarket goods, hardware and alcohol.

## What it is not:

- Refrigerated goods
